Mohsin Munir

Frontend Developer: Crafting Seamless User Experience with Precision

✉ mohsinmunir150@gmail.com 📞 03140963608 📍 I-9/1 Islamabad, 44000 Islamabad

Education

BsCs   Nov 2021 - Present
National University of Technology, Islamabad
Pursuing BSCS at Nutech University, gaining expertise in
programming, algorithms, and software engineering. Actively
involved in hands-on projects, aspiring to contribute to the tech
industry.

Courses

Full stack Web Development   Mar 2023
Successfully completed a 9-weeks course by MDF at the National
Incubation Center, specializing in HTML, CSS, JavaScript, Bootstrap,
PHP, and MySQL. Acquired comprehensive skills in web development,
combining front-end and back-end technologies. Ready to apply this
knowledge to contribute effectively in the ever-evolving tech
landscape.

Employment

Intern Frontend Developer   Sep 2023 - Dec 2023
Ezitech, Saddar Rawalpindi
Completed a 3-month internship at Eziline Software House,
specializing in HTML, CSS, JavaScript, and Bootstrap. Proficient in
developing e-commerce websites and creating interactive designs.
Applied skills in a real-world setting, contributing to the dynamic field
of web development.

Junior Frontend Developer   Jan 2024 - Present
Velocity AI, Islamabad
- Implemented responsive and visually appealing web designs
  using HTML, CSS, and JavaScript.
- Utilized Bootstrap to enhance the user interface and ensure
  seamless user experiences.
- Currently engaged in React JS development, bringing dynamic
  and interactive elements to projects.
- Successfully integrated Redux into React JS development
  workflow, enhancing state management and facilitating efficient
  data flow within applications.
- Successfully contributed to the creation of websites on
  WordPress, showcasing adaptability and diverse skill set in web
  development.
